

Improved Compressor Design: 6512634

- 2009–2013 Toyota Corolla/Matrix
- 2008–2015 Scion xB
- 2003–2010 Pontiac Vibe

There are a few key differences to note in gpd compressor 6512634 compared to the OE design. Outlined below, gpd compressor 6512634 has been designed as a more durable replacement than the OE style.

6512634

Rubber dampener on front of clutch reduces noise.

gpd compressor 6512634 also features an improved and more durable shaft assembly and control valve design.

Clutch surface is greater than OE style to accommodate a larger clutch bearing and stronger clutch coil.

OE Style
