

2004–2006 Toyota Sienna Compressor Mounting Bolts

gpd #6512103

Please note that there are two different sizes of the mounting bolts on the 6512103/6512102. It is best to understand the proper location of each bolt to avoid damage. After dismantling compressor mounting bolts, please note the correct location of the large bolts and smaller bolts upon installation of compressor to mount.

Top Bolts

Approximately 10 cm.

Bottom Bolts

Approximately 11.25 cm.

Bolt Correct Size

Bolt Incorrect Size
